

# #6 PUSHING PROJECTS FORWARD: HOW GOVERNMENT POLICY CAN HELP DEVELOP SOUND BUSINESS MODELS FOR CARBON MANAGEMENT

**MODERATOR**

Eadbhard is the Secretary General of the Zero Emissions Platform, the advisor to the European Union on industrial carbon management. Eadbhard has a background in energy and climate law and has worked to advance carbon management as a climate mitigation tool in Europe for several years, previously leading the European policy work at the climate NGO, Clean Air Task Force.

# Eadbhard Pernot

SECRETARY GENERAL

**ZERO EMISSIONS PLATFORM**

# Martijn van de Sande

COORDINATOR CCS, CCU AND CDR  
RVO

Martijn works for RVO (Netherlands Enterprise Agency) and coordinates the R&D efforts on CCS, CCU and CDR and works on deployment of these technologies in the Netherlands. He has previously worked for the Ministry of Economic Affairs and Climate and has a background in economics.

GASSNOVA 

# Alexander Engh

DEPUTIVE DIRECTOR GENERAL

**NORWEGIAN MINISTRY OF ENERGY**

Alex heads the section for energy transition, climate and analysis (EKA) in the Ministry of Petroleum and Energy. Prior to joining the Ministry in 2019 he spent 17 years in the energy industry. He served as commercial director of Infragas, held several commercial and financial roles at ExxonMobil and worked as a management consultant.

GASSNOVA 

# Matthew Taylor

DIRECTOR OF CCUS POLICY

DEPARTMENT FOR ENERGY SECURITY  
AND NET ZERO

Matthew is responsible for developing and delivering the policy frameworks and enabling measures to support delivery of CCUS and GGRs in the UK.

He has delivered major, first-of-a-kind policy programmes including legislation implementing the regulatory regime and business model for CO<sub>2</sub> transport and storage in the UK.

Matthew has an extensive background in energy policy, having worked in areas such as offshore wind, nuclear power and electricity retail markets.

GASSNOVA 

# Jason Gadoury

SENIOR DIRECTOR OF POLICY AND PLANNING  
NATURAL RESOURCES CANADA

For more than a decade, Jason Gadoury has spearheaded development of policy and programs to accelerate energy technology innovation. Jason serves as Canada's delegate to the International Energy Agency's (IEA) Committee for Energy Research and Technology and coordinates Canada's participation in the IEA Technology Collaboration Programme, Mission Innovation, the Carbon Management Challenge, and Clean Energy Ministerial CCUS Initiative.
